

### **What is NewspaperDirect Cambodia ?**

Since the beginning of 2009, we have launched a new service called "**NewspaperDirect**". Thanks to the "NewspaperDirect" license that Monument Books has recently acquired, we are now able to print the today edition for more than **1,000 newspapers/titles from 85 countries in 45 languages!** Already available in over 81 countries through a global network of distributors, the NewspaperDirect service is now available in Cambodia.

For example, **we can print today's edition** of The New York Times, The Wall Street Journal, The Guardian, China Daily, Le Monde, The Australian, Politiken and many more... early in a morning and deliver it to you within a very short span of time.

### **Timely Availability**

Newspapers are available for downloading and printing by Monument Books when the publisher sends their newspaper to the printing presses in the home country. In some instance, a newspaper is available on another continent before it hits the newsstand at home!!

### **Familiar Format**

Newspapers are printed as formatted by the publisher, but on A3 sized paper. Since they are in the original format, each newspaper includes the articles, editorials, comics, crossword puzzles and features found in the original edition. NewspaperDirect does not modify the content of newspapers provided by publishers. Printed in black and white and fully protected by a plastic cover.

### **Personalization**

Each newspaper can be personalized with a recipient's name and or other information, such as address, company name or delivery data, printed on the back page and on the top of every page.

### **Competition**

NewspaperDirect Cambodia is the only publisher that delivers on the same day consistently. Our commitment is 365 days of service; driven by your daily need and always available news.

**You can just select deliveries** daily, several times a week or only weekend editions, basically designing your own schedule with free delivery to your home, office, hotel...
